(Annual Maintenance)

Req 10046602

	Alexander Open Systems
Annual Maintenance	\$58,886.94

On the recommendation of Angee Sisco, on behalf of the Division of Information and Operations, Tim Kaufman moved **to accept the quote from Alexander Open Systems for a total cost of \$58,886.94.** Linda Kizzire seconded the motion. The motion passed unanimously.

Avamar hardware and software provide countywide back up to our technology systems. In 2009, Avamar was selected during a competitive solicitation process. Alexander Open Systems is the authorized dealer for Avamar in the Wichita area.

Annual Maintenance increased from \$27,746.53 in 2011 to \$58,886.94 in 2012 due to a storage expansion of 8TB.

**2. ANNUAL SOFTWARE & EQUIPMENT SERVICE AGREEMENT -- FORENSIC
SCIENCE CENTER
FUNDING - TOXICOLOGY/CRIMINALISTICS**

(Maintenance Agreement)

Req 10046641

	Agilent Technologies
Service Agreement for various equipment & accessories	\$80,975.73

On the recommendation of Dallas Shaffer, on behalf of Sedgwick County Regional Forensic Science Center, Linda Kizzire moved to **accept the quote from Agilent Technologies in the amount of \$80,975.73.** Tim Kaufman seconded the motion. The motion passed unanimously.

Note: Agilent Technologies is the provider of support services on instrumentation and software for the Forensic Science Center. The Service Agreement covers 12 different instruments, (i.e., autosampler units, gas chromatographs and mass spectrometers, along with 45 various equipment and accessory components that support the instruments), and provides ongoing technical support for hardware and software, annual preventive maintenance, calibration, and certification of equipment.

The Agilent instruments used in the forensic center's laboratories are a fundamental tool for identification and quantization (determining how much of a substance) of drugs found in forensic specimens. This includes all postmortem (autopsy) cases, driving under the influence and sexual assault cases, as well as analysis of illicit drugs.

Last year's cost was \$72,803.66 (based on last year's inventory of 34 pieces of equipment). As new equipment comes off of warranty, the number of pieces of equipment changes year to year.
