Dear Sir:-

This letter is in response to the
de-annexation of Valley Center and the meeting
we had June 5-13, we are Mr & Mrs A J Bladhus
and have lived at 4212 W 77th N since
July 1991. Ever since we have been annexed
By Valley City Center I have not noticed
any improvements at all. As for roads
the thing we noticed and drive around
other than 77th N and West is all the
improvements made to our off streets does
not compare to the quality of 77th & West
that were done By County previous
to the annexation. I've seen the
Compliance Officer drive by maybe
3 times and Police Officers waste no
time driving by which is very seldom
at the June 5 Hearing Mr Pile made
very many misleading statements all the
time he was talking. I'm very
dis-satisfied with promised service
we were supposed to have. I sincerely hope
you see it that we should be
de-annexed and take a big burden

off the Hands of the Valley Center
Council. I know it would Be a
Big relief to them and also us
Home Owners out here. Thank
you for your Consideration and
time on this important Matter.
