Grant Application

Departments wishing to apply for a grant will use the Legistar system to apply for grants or accept grants as they would an agenda item. When the application has completed the Legistar review process, the County Manager will review each grant related application with other agenda items.

Using the Legistar system for grant applications follows the same general steps currently used to process regular agenda item. "Grant Application" should be selected as the type of item and the submitter should use the "Grant Form" template. It is important that grant applicants include all of the information listed in the "Grant Form" template so that the reviewers and Board of County Commissioners are prepared to make an informed decision.

The County Counselor's Office must review a hard copy of the grant terms and conditions for all applications prior to submission. Once the County Counselor's Office approves the terms and conditions of the application, the documents will be signed by the reviewer and returned to the Division/Department to submit with the grant agenda request. Division/Departments shall attach the completed application forms, terms and conditions approved by the County Counselor's Office to the grant related agenda item as well as a budget form.

Divisions/Departments are responsible for delivery of all documents that require signature of the Chairman to the County Clerk's Office by no later than Monday of the week prior (nine calendar days) to the scheduled Board of County Commissioners (BOCC) Agenda meeting. All documents submitted to the Clerk's office must include the Legistar file number, BOCC Agenda Meeting Date and signature areas properly identified.

When the grant application template is complete, the submitting department will use the "grants" approval sequence, and mark Grants Committee "in control" which will include the grants manager, the budget director, the departmental budget analyst, the deputy chief financial officer and the county counselor's office. As with any other Legistar item, each reviewer is asked to review grant applications in a timely manner and to identify potential issues involved with the grant, application or supporting materials. The department may

include the originator of the Legistar item as last reviewer so that they know when it is time to change in control to "Board of County Commissioners". Once the agenda item has been changed "in control" to Board of County Commissioners you may want to add a department head or division director as an FYI.

The director of the submitting department, or a designee, shall present the grant application to the Commission at the regular meeting and receive approval or denial of the item. Upon approval, the County Clerk will obtain signatures from the Commission Chairman or designee; scan and record the documents in a P-Drive folder and forward the documents to the department to complete the grant application process. Divisions/Departments may submit their electronic grant applications once the Agenda request has been approved by the Board of County Commissioners. Screen prints or printouts of the electronic application process or any other application material that was not available in Legistar may be scanned and sent to the Grants Manager via email. In cases where the **complete** signed grant application is scanned and filed by the County Clerk's Office in the P-Drive the Grants Manager may access it there.

Grant Award

Upon receipt of the grantor's funding decision, the Department shall immediately forward a scanned copy of the award document/notification letter/denial letter to the Grants Manager via email and/or the grants P-Drive folder. In the case of an award, the Department shall also submit a Budget Form to the Grants Manager or appropriate Accounting staff via email for processing with the Budget Department at which time an internal order is established, the staffing table is established, the fund center budget is established, and ERP processes are set up in SAP to allow the fund center and internal order activity. Additionally the grants list website (<http://www.scks.info/grants/>) will be updated with the new grant award information.

In cases where a county department does not officially apply for a grant but is issued an award as an allocation of funds by the grantor or an informal arrangement to provide funding for a county operated program the department receiving the award will process a grant award acceptance agenda item for BOCC approval prior to accepting the award and setting up budget authority in SAP. This grant award agenda item will also be processed through Legistar in the same manner as a grant application.

Departments and/or Divisions shall retain primary responsibility for developing the budget, preparing reports, program implementation, staff assignments and other items related to grant implementation and administration although some support services may be provided by central administration.
