RECITALS

Pursuant to item five in the Agreement term August 10, 2012 through June 30, 2013, the parties desire to reduce the administrative burdens associated with implementing the Public Health Emergency Preparedness (PHEP) cooperative agreement. To accomplish this, the parties wish to coordinate and build coalitions within the seven hospital preparedness regions.

AMENDMENTS

Both parties agree as follows:

1. Item 13 for local health departments is modified to read as follows:
Perform all tasks required in the 2012-2013 Public Health Emergency Preparedness Local Health Department Work Plan which is attached hereto and incorporated here and in by reference.

2. The following provision is added as item 22:
The Sedgwick County Health Department acknowledges that as a condition of receiving funds, KDHE is required to verify that the recipient of such funds has not been suspended, debarred or otherwise excluded from receiving federal funds. Verification may be accomplished by checking the Excluded Parties List System (EPLS) maintained by the General Services Administration, obtaining a certification from the entity or by adding a clause or condition to the transaction.
