working for you*

Wichita-Sedgwick County
Metropolitan Area Building and Construction Department

Dear Commissioners:

A fire caused substantial damage to the property at 5006 S. Elmhurst Wichita, Kansas, which is in the unincorporated area of Sedgwick County. Based upon the attached Public Health Nuisance Assessment completed by the Sedgwick County Health Officer, it is my belief that said property is unsafe and dangerous. It appears the property owner is not going to take accountability to render the structure safe.

Sincerely,

A handwritten signature in black ink that reads 'JETA'.

Tom Stolz
