RE: Ord. No. 1145-07 – County Commission public hearing on April 8, 2015

I am writing in regards to the above referenced public hearing and the Petitions filed under Ord. No. 1145-07. I purchased 8835 N. Kessler Rd., Valley Center, KS on January 15, 2013. I was not aware that I could file a Petition for de-annexation. If I had known about the Petitions I would have filed a Petition to have my property de-annexed.

I do not use city utilities, Kessler rd. is not managed consistently during adverse weather conditions, and there are no street lights near my residents. I do not feel I should pay taxes on services I do not receive from the City of Valley Center. Please consider me part of the de-annexation process.

Best regards,

Kathryn M. Lee
