Program Information

* **Grant Type** Local Community Contribution

* **Requested Grant Amount** \$2,500.00

* **Project Title** WMT 4321 Application

* **Program Description** Sedgwick County Fire District #1 conducts annual building inspections, over the years these inspections have been conducted by crews from the fire station obtaining a paper inspection form. Responding to the business conducting the inspection, walking thru the building with their form and writing out all hazards and checking all fire extinguisher, sprinkler systems, and alarm detection systems. The fire department has purchased a number of iPads and a program for login inspections electronically. The fire district started a pilot program of conducting inspections. With this program we have found that we are conduct more through inspections, saving paper by note printing out thousands of inspection forms, and having a better system of tracking our inspections.

* **Fund Use** With the funding from this grant, we are going to purchase more iPads to conduct our inspections, to assist in conducting more efficient inspections.

* **Program Relevancy** This program will assist property owners in keeping their buildings up to code along with keeping the people that come to their facility safe. In most of the communities in Sedgwick County if a building or business catches fire it can be catastrophic for the community. This is why the fire department conducts annul building inspections to minimize hazards and protect properties.

* **International Funding** No

Agreement
