Hi Kent,

I know you have an extremely busy schedule that prohibits you from attending a lot of meetings. I know this has prohibited you from attending some of our previous meetings. The Sedgwick County Stormwater Management Board will have a meeting on September 7<sup>th</sup>. If you cannot continue to attend these meetings (we now average one or two a year), please see if someone else in your organization would like to attend. If so, please send me their contact information and I can see to having him/her appointed to the committee.

Thanks,

Susan
