On behalf of the Sedgwick County Fire District #1 (SCFD), Tim Kaufman moved to **accept the overall low responsive bid from Okie Extrication in the amount of \$22,340.00 and establish contract pricing for one (1) year, with two (2) - one (1) year options to renew.** Sara Jantz seconded the motion. The motion passed unanimously.

All bid responses were reviewed based on experience, qualifications and the ability to provide equipment meeting the bid specifications.

Conrad Fire Equipment did not meet the bid specifications on the following items:

1. A 6.5 hp Simo-Pump was specified. A 3.0 hp Simo-Pump was bid.
2. The Heavy Duty Cutter did not meet minimum opening requirements by 10%.
3. Holmatro "Core" technology, which is a proprietary connection system, that does not work with the current dual hose system used by SCFD. Warranty on the Holmatro hoses would be void if not used with original Holmatro equipment and parts.
4. The hose reels on our existing apparatus would need to be replaced as current reels are not interchangeable with Holmatro hoses.
5. The "hot swap" coupler with pigtails is not compatible with current equipment. This is critical as most car accidents require more than one set of extrication tools.

Questions and Answers

David Spears asked: "Is this a replacement for an existing one that is no longer useable or is this just an extra one now?"

Kristen McGovern answered: "This is a replacement."

Sara Jantz asked: "I see we sent this out to sixty-eight (68) vendors and only received two (2) responses. Do you know why we have received so few responses?"

Kristen McGovern answered: "After contacting various vendors who did not provide a bid, the specifications could be met but not priced competitively. So they chose not to submit a bid."

Jennifer Dombaugh asked: "Have we purchased from this vendor before?"

Kristen McGovern answered: "Yes."

2. IT INFRASTRUCTURE UPGRADE SOLUTION -- DISTRICT COURT INFORMATION TECHNOLOGY (DCIT) FUNDING -- COURT TECHNOLOGY

(Joint Governmental Purchase GSA GS-35F-303DA)

#16-2039 S/C #8000097351

	Ramsys Storage Solutions
Scale Computing HC1150Z Cluster, switches and cabling, includes one (1) year 24/7 support.	\$41,015.00
Implementation, Training and Data Migration	\$6,765.00
Initial Purchase Total	\$47,780.00
Four (4) years 24/7 maintenance support (estimated)	\$5,934.00/year \$23,736.00
Grand Total	\$71,516.00

On behalf of DCIT, David Spears moved to **accept the quote from Ramsys Storage Solutions for an initial purchase of \$47,780.00 and establish annual maintenance and support pricing at the estimated rates listed for years two (2) through five (5) for an estimated grand total of \$71,516.00.**

Tim Kaufman seconded the motion. The motion passed with Jennifer Dombaugh abstaining from voting.

This solution will provide hardware, software and implementation services to migrate the current server infrastructure to a virtualized solution. A virtualized environment is much more cost effective and provides greater efficiencies in storage space and application performance.

Questions and Answers

Sara Jantz asked: "This is part of a joint government purchase, so we didn't go out to bid for that?"

Kimberly Evans answered: "Correct. It's on a GSA contract, which is competitively bid."

BOARD OF BIDS AND CONTRACTS NOVEMBER 9, 2016

On behalf of Operation Support Services, Jennifer Dombaugh moved to **accept the low responsive bid from City Print, Inc. at the rates listed for one (1) year with four (4) one (1) year options to renew.** Tim Kaufman seconded the motion. The motion passed unanimously.

This contract is for printing services that cannot be done in-house by the County Print Shop. The county has done business in the past with City Print, Inc. and has received good quality and service.

Valley Offset Printing was requested to do some sample jobs for the county and when quoting prices, they were higher than their bid prices. When the vendor was contacted and questioned regarding the difference in price, they stated that they apparently did not understand what was being asked of them in the bid and that they could not do the work being requested at the prices they submitted on their bid.

*Bid has been withdrawn due to judgmental mistake per K.S.A 75-6903 – Bids with Judgmental Mistakes.

Questions and Answers

Tim Kaufman asked: "Is there a current vendor for this service?"

Kimberly Evans answered: "City Print is currently doing this work for us. Acme Litho was our previous vendor, and they went out of business earlier this year. So City Print has taken over in the interim, and we've received really good work from them."

The majority of service calls happen during regular business hours and are performed at the Foreman/Journeyman labor rate.

Questions and Answers

David Spears asked: "Is there a backup vendor to this one in case this vendor is called and they can't come out?"

Bob Campbell answered: "At this time we did not see a need for a backup vendor."

Tim Kaufman asked: "Can you tell us who the current vendor is?"

Bob Campbell answered: "Professional Mechanical Contractors, Inc."
