2. Project Title: B-473: Bridge on Broadway between 117th St. N. and 125th St. N.

3. Request Status: Previously Approved Project (complete table below)

Year Approved	Original Budget	Requested Change	Revised Total
2017	\$1,700,000.00	(\$1,700,000.00)	0

4. Justification: Discuss the need for the project, how it will improve delivery of services, and improve efficiency, along with the scope of capital work to be completed. Please address the urgent need of this project and what qualifies this project to be reviewed outside of the CIP budget process. Please summarize below, if additional space is needed, then provide the detailed narrative in CIP Attachment Form A.

An imbalance between authorized budget authority and actual balances in the Sales Tax Fund (231) requires that projects be reprioritized and rescheduled. A total of four bridge projects that were approved for construction in 2016 and 2017 are recommended for deferral to later years. Approval of this CIP Amendment will remove this project from the approved CIP. The project will be programmed to a later year during preparation of the 2018 – 2022 CIP.
