Subject: Support for Tiny Home and Conditional Use

Hi Kathy,

I'm writing this email to express my support for Jordan Mullen in her quest to establish a tiny home residency in Valley Center, KS. This is not simply an RV camper, it is a beautiful reduced-size home that does not degrade the value of the homes in the area. Tiny homes are part of building a sustainable future for our environment and I think that should have value to our government.

Thank you,

Abbey Wolfert

Subject: Tiny Home

Hi my name is Kristen Hankins and I am contacting you regarding Jordan Mullens tiny home on 85th and hillside. I am a graduate from Valley Center High School and have lived in the Valley Center/Park City area my whole life. My commute to school (Friends University) involves passing the tiny home at least five times a week. I think Jordan Mullen's tiny home is better than all of the tiny homes I have seen on TV! I have even started floor plans for my own tiny home because it seems manageable, affordable and you can take it wherever life takes you. Please accept her conditional use permit so she can continue to inspire college students like me, and to enjoy the home she has built for herself.

Kind regards,

Kristen Hankins

Subject: Tiny Home Support

Hello! I am writing this email on behalf of Jordan Mullen and her tiny home case. I am from the Valley Center area and have known Jordan for many years. Her home has been a well loved project and a lot of thought and consideration has been put into this. I am writing to you all today to show she does in fact have support from the community in regards to her tiny home. This is not going to devalue anyone's property and I see no reason as to why she wouldn't be able to have this on her family's property. Please take this matter into consideration and know the community is rallying together with her to show our support.

Thank you!
