On the recommendation of Kristen McGovern, on behalf of Project Services, Ellen House moved to **accept the low bid from Viking Products in the amount of \$103,114.70.** Randy Bargaill seconded the motion. The motion passed 4-0 with Tim Myers abstaining from the vote.

This bid includes (90) detention grade bunk beds, (23) 6-person tables, and (11) 4-person tables for the new Jail Annex. Detention grade furniture is a necessity for this facility. It is more resistant to wear and intentional damage. The specifications included solid, all steel fabrication with all welds ground smooth and the ability for furniture to be bolted to the floor.

Pricing includes all freight costs to Wichita, Kansas.
