To whom it may concern:

In a regional effort to address gaps in services, Harvey/McPherson Counties/9th Judicial District Community Corrections plans to collaborate with Sedgwick County Division of Corrections, Juvenile Services towards effective evidence-based programming in a Juvenile Services Center model to address risk for juveniles of both pre-adjudication and post-adjudication status.

The goals include reduction of use of secure detention and effectively addressing criminogenic factors. This letter supports commitment to the Juvenile Services Center for evening programming for those youth rising to this level of monitoring and programming with evidence-based practices.

This letter of support is our commitment to assisting in operationalizing and sustaining the proposed Juvenile Service Center evening programming as both a risk/need response and an alternative to detention for our county.

**Letter of Agreement to apply for a collaborative grant between multiple counties for the FY18
Regional Collaborative Grant**

In a regional effort to address gaps in services, Butler County acting as the administrative county for Judicial District 13 (Butler, Elk & Greenwood Counties) intends to collaborate with Sedgwick County Division of Corrections Juvenile Services towards developing and implementing effective, evidence based programming in a Juvenile Services Center model to address risk for juveniles of both pre-adjudication and post-adjudication status.

Goals include but are not limited to the reduction of the use of secure detention, addressing criminogenic factors and continuing to keep the community safe. This letter supports the commitment to the district to utilize Juvenile Services collaboratively to better provide services and programs to the youth served by juvenile programs in the 13th judicial district.

District 13 is committed to assisting in researching, developing and implementing the collaborative effort to serve youth in this regional effort to increase services and improve practices locally.
