Date	Ver.	Action By	Action	Result
6/14/2017	1	Board of Sedgwick County Commissioners	Approved on the Consent Agenda	

A resolution to authorize destruction of Sheriff Records 1994-2015 (DISP 2017-283 Sheriff).

Recommended Action: Approve the resolution and direct the Sheriff and the Records Manager to destroy the records.

Background: This records disposal follows the same model as disposals previously approved by the Board of County Commissioners (BOCC), and applies the Records Management policy approved in 1998. Kansas law (K.S.A. 45-404(c)) requires that destructions of County records be authorized by the BOCC. Approval at this time will free up additional space in the Courthouse Records Center (CRC) so that additional Sheriff records can be stored onsite; both in the general stacks and in their secure storage cages.

Records proposed for destruction total 191 boxes of inmate medical records, daily and accident reports, process log, sex offenders registers-deceased, accounts receivable reports, citations-officer copies, and timesheets for the period 1994-2015. A detail inventory is available in Excel and PDF formats, and will be maintained permanently by Records Management as part of the documentation for the destruction case.

Analysis: County Records Management Policy is to destroy at the earliest opportunity records identified (1) as eligible under State law, and (2) that lack continuing value adequate to offset costs to retain and make accessible. Custodian for the records proposed for destruction, Sheriff Jeff Easter, has determined they have no continuing administrative value for operation of the Sheriff's Office. The Chief Financial Officer Lindsay Poe Rousseau has also determined that they have no continuing fiscal value for County operations. The Records Manager has confirmed they are eligible for disposal by destruction, consistent with State retention schedules, and finds that they lack identifiable research value adequate to offset costs. Manager of Genealogy and Special Collections at Wichita Public Library Michelle Enke, who serves as an independent reviewer for archival value, agrees they lack substantive research value, and concurs in the recommendation to destroy. The County Counselor has confirmed these records no longer are needed to represent the County's legal interests.

Due to the fact that some of these records contain personal medical (PHI) and other protected information, the Records Manager recommends that these records be destroyed by shredding.

The resolution also would authorize the Sheriff and the Records Manager to destroy any records or duplicates, regardless of format or media, that may be found in the future that can be identified as any of the records included in this disposal and that fall within the time periods or records series listed or previous years.

Alternatives:

Financial Considerations: The cost to destroy these boxes totals \$534.80. Finance has identified funds available within 17002-110 sufficient to pay destruction fees.

Legal Considerations: The authority for this action is K.S.A. 45-401 et seq. A simple majority vote is required.

Policy Considerations: The recommended action would apply existing policy.
