The program is targeted to accelerate replacement of certain bridges that are owned and maintained by counties in Kansas. A project is eligible for a maximum of \$120,000 in state funds and counties are required to provide at least a 10% match. Counties that are willing and able to close another bridge on their system were eligible for an additional \$40,000. The state allocated \$10,000,000 for the program and applications were due by September 15th.
