Grant Summary and Timeline: KDHE provides Aid to Local (ATL) Grant Funding opportunities to support specific or targeted health service needs on an annual basis. The ATL Grant application opportunity covers many, but not all, of the grants awarded from KDHE to the Division of Health. This grant represents 19% of the Division of Health budget and 35% of all grants received.

The Division of Health was awarded \$1,925,053 for the previous SFY 2017; we are requesting an average combined overall increase of \$22,856 or 1.19% above the SFY 2017 award. Without this funding, many programs would be drastically reduced or services would no longer be provided.

The Division of Health is requesting ATL funding in the amount of \$1,947,909 combined with the required match of \$352,052 for a total of \$2,299,961 for SFY 2018. (*See Attachment 1 for an overview of funding by category requested for SFY 2018, as well as a list of the amount of funding requested and awards received for SFY 2017.*)

Two grant categories, *Family Planning* and *Maternal and Child Health*, both require a 40% match funding requirement. (*See Attachment 2 for Match Funding Information Detail.*)

Additionally, the State Formula block grant includes a *Maintenance of Effort* stipulation that specifies the amount of state formula that would be reduced proportionately if local funding for the Division of Health is decreased from FY 2017 to FY 2018.

Budget Authority Adjustment: Additional budget authority in the amount of \$20,000 is being requested for the Immunization Action Plan (IAP) grant (38007-274) in the 2017 budget. Grant and matching property tax funding totals \$2,299,961. No additional funding from the General Fund is required or requested for the 2017 County fiscal year. If the grant award is greater than the amount currently budgeted, additional budget authority is needed.

Funds will be managed through the following cost centers:

Personnel considerations:

No additional staff will be requested with this grant application. Funding from the Aid to Local grant is used to support 28 Division of Health and 4 Emergency Management employees.

Expected measurable outcomes: *Please see Attachment 3 for all outcomes.*

Requirements from Sedgwick County: (reporting requirements or other actions required of the organization should the grant be awarded)

The Division of Health is required to submit affidavit reports to KDHE quarterly within 15 days after the end of each quarter (October 15, 2017; January 15, 2018; April 15, 2018; and July 15, 2018). Please see Attachment 4 for additional fiscal reporting requirements. No further action is required from Sedgwick County for this grant.

Alternatives:

Without these grants, local funding would have to be increased or the Division of Health would be forced to reduce the level of services currently offered in many vital programs.

Legal considerations: *The Aid to Local Grant administered by the KDHE is statutorily authorized by K.S.A. 65-241, et seq. Pursuant to the County's Grant Policies and Procedures enacted by Resolution No. 64-2013, this grant application is required to be approved by the Board of County Commissioners.
