CIP Amendment for Project R-343: Multi-use Path on Rock Road from Derby to Mulvane. District 5.

Recommended Action: Approve the Amendment to CIP Project R-343.

The project is scheduled for construction with Federal TA funding in 2018. Public Works had planned on in-house design of the project but the recent loss of a CAD drafting technician (and an expected three month time frame to refill the position) has necessitated taking some in-house design work to the private sector. Public Works recommends the use of a consulting engineer on this project to ensure that KDOT and FHWA timelines are met. Public Works requests that a project budget be established for design of R-343.

The proposed amendment has been reviewed by the CIP Committee and recommended for approval.
