RESOLUTION TO AMEND WICHITA-SEDGWICK COUNTY UNIFIED BUILDING AND TRADE CODE TABLE B FOR BUILDING PERMIT FEES.

Presented by: Chris W. Labrum, Director of Metropolitan Area Building and Construction Department (MABCD).

RECOMMENDED ACTION: Adopt the resolution.

In July of 2014 a resolution was passed to unify license and permit fees in the MABCD jurisdiction. Non-residential and non-commercial structures were not differentiated from the fee structure for new finished and unfinished construction. The purpose of the resolution is to reduce the fees for non-commercial and non-residential structures due to the nature of their use and fewer inspection requirements involved with their construction.

Alternatives: Do not adopt the resolution or adopt a modified version of the resolution.
